CHAMBER AND TOWN OFFICIALS**

**West Hartford, CT:** The West Hartford Chamber of Commerce and Town Officials recently celebrated the Medical Spa expansion of Naomi's Studio & Salon located at 625 New Park Avenue, West Hartford. Naomi Martinez noted the support of her dedicated staff to the growth. Colleagues, clients, and KISS 95.7 one-air personality, Brady, took part in the all-day festivities. Mayor Scott Slifka led the official ribbon cutting ceremony.

Naomi and Richard Martinez opened their doors in West Hartford almost 4 years ago and invest time and effort researching products and services that truly produce results. All in-store product lines are researched, tried, and tested thoroughly, to meet the high standards set by the husband and wife team.

The Medical Spa expansion welcomes Dr. Paula Moynahan and her years of expertise in Botox, laser treatments, and chemical peels. Dr. Moynahan has been recognized by Castle Connolly as one of the Top Doctors in America. She brings new and exciting technology to Naomi's Studio & Salon to offer clients youthful results without the need for surgery.
