

THE HARTFORD CLUB: THE HEART OF HARTFORD

Since the first 60 members formed the club in 1873, The Hartford Club has been the “Heart of Hartford” for business and social gatherings. Today it has an active and growing membership, a renovated clubhouse, expanded programs and an optimistic future. Now, more than ever, The Hartford Club is a dynamic reflection of all that is great about our capital city and the Greater Hartford region.

The Hartford Club is the premier social club in the area and is committed to providing its members with a first-class, private venue to facilitate their business and social requirements. It offers fine dining, elegant residential-style banquet and meeting rooms, special member activities, and concierge member services. The Hartford Club provides eight upscale residential-style banquet rooms that accommodate from 4 to 400 people. All rooms boast luxurious appointments and views of the cityscape, in addition to the added privacy you enjoy as a member of a private club. Breakout rooms, audiovisual equipment and custom breakfast, lunch and dinner menus all contribute to the success of your event.

The Hartford Club offers reciprocity with nearly 150 clubs worldwide for dining, private events, accommodations (where applicable) and golf (where applicable). Many members take advantage of them for their excellent overnight accommodations, meeting and event space, or a welcoming place to meet friends after work, where they’ll be treated as members.
